▼ About MBA in Quality Management

MBA in Quality management

MBA by definition, is a Management degree designed to educate business learners in strategic management. What sets MBA degree apart from regular Master's programmes is peer-to-peer education, which involves successful business people and interaction between learners from diverse backgrounds. Studying an MBA abroad is also a great opportunity to network and create new business opportunities, this program will be delivered by ECC «Egyptian Culture Center» and the degree is provided by IBAS.

MBA in Quality management ensures close coordination between employees of an organization. It inculcates a strong feeling of teamwork in the employees. Remove unnecessary processes which merely waste employee's time and do not contribute much to the organization's productivity. Quality management enables employees to deliver more work in less time.

Quality management ensures superior quality products and services. Quality management is essential for customer satisfaction which eventually leads to customer loyalty, ensures increased revenues and higher productivity for the organization, Quality management tools help an organization to design and create a product which the customer wants and desires. Quality management helps organizations to reduce waste and inventory. It enables employees to work closely with suppliers and incorporate "Just in Time" Philosophy.
